WELCOME ABOARD

The Americans with Disabilities Act (ADA) was enacted in 1990 so that our citizens with disabilities would be afforded the same opportunities for life, liberty, and the pursuit of happiness as those without disabilities. RTA is committed to the attainment of this goal!

What Exactly is Fixed-Route Service & How Does It Work?

The Regional Transit Authority (RTA) provides public transit within Orleans Parish and the City of Kenner in Jefferson Parish. Buses that are accessible to clients with disabilities serve all regularly scheduled routes. For your convenience, the Riverfront and Canal Street streetcars are also fully accessible to persons with disabilities.

RTA fixed-route buses are accessible to persons with disabilities. Features such as kneeling capability, lifts, wheelchair securement areas and priority seating areas, ensure equal access on fixed route buses. Our buses are equipped with a kneeling feature that allows the vehicles to be lowered for easier access for ambulatory riders with disabilities, or those using assisting devices such as walkers, canes and crutches. To use the
kneeling feature or the lift assist, please ask the operator to deploy one of these devices. In addition to the mechanical devices, fixed routes provide the flexibility to travel at any time during RTA’s regular hours of operation without first having to make a reservation. Customers must pay with exact cash, ticket, or token.

**Reasonable Modification/Accommodations of Service**

RTA has developed a Reasonable Modification Policy. This Policy provides for reasonable modifications/accommodations to its policies, practices and services to ensure accessibility for riders and will make reasonable modifications and/or accommodations upon request of a rider with a disability. To view the full policy please visit our website at [www.norta.com](http://www.norta.com).

**How Can I Qualify for RTA’s Discounted Fare Program?**

By utilizing the RTA Discounted Fare Program, senior citizens and persons with disabilities who use fixed-route service also enjoy a monetary incentive—the fare is only 40 cents and transfers are free. To get your discount if you are a senior,
show the driver your RTA Senior Citizen ID card, State ID or a Driver’s License. The RTA Senior Citizen ID card is optional; any person 65 years of age or older may obtain a RTA senior citizen ID card by simply bringing proof of age and a picture ID to the:

RTA ID Center
2817 Canal Street
New Orleans, LA 70119

Medicare Card recipients must bring their Medicare Card and a State ID or Driver’s License to receive a RTA Reduced Fare Card.

To have your picture taken for your RTA ID, please come to the RTA ID Center between the hours of 8:30 AM – 4:30 PM, Monday through Friday.

Individuals with disabilities who are interested in utilizing the Discounted Fare Program need to complete an easy, one-page application and have a doctor fill out the required medical form to verify the disability. Applications may be picked up at the:

RTA Eligibility Department
RTA ID Center
2817 Canal Street
New Orleans, LA 70119
You may also write to this address or call one of the telephone numbers below for an application or for additional information:

Phone: 827-8345
TDD: 827-7833

Please inform the staff if an application is needed in an alternative accessible format. Accessible Formats Available include TDD, Large Print, Braille, Audiotape or Computer Disk.

The first picture ID is free. The first replacement ID will cost $2.00; subsequent replacements are $5.00. All ID cards will have an expiration date of three years from the date of issue.

Customers from another city can use their Medicare card and a picture ID on RTA vehicles.

What are the Operating Hours of Fixed Route Service?

The RTA fixed-route service operates seven days a week, including all holidays. RTA fixed-route schedules can be picked up Monday through Friday, 8:00 AM - 5:00 PM at the following locations:
Schedules may also be viewed and/or downloaded from our web site at http://www.norta.com

You may also write to the RTA Rideline/Customer Service, 2817 Canal Street, New Orleans, LA 70119 or call (504) 248-3900 to obtain a schedule.

A bus schedule explains when the bus arrives at major stops or time points along the route. The schedule for weekdays may be different from the weekend schedule. Please use the proper schedule for the day of the week you are riding to ensure that you are at the stop at the correct time. The schedules change three times a year: summer, winter and fall. Please remember to obtain the current schedule to ensure that you are using the proper schedule for the proper time of the year.

How Can I Plan My Ride?
If the customer wishes, a Customer Service Representative will tell them how to make their trip, which buses to board and transfer to and if a transfer is necessary.
For this service, please call the Rideline at (504) 248-3900. When calling, tell the Customer Service Representative:

• Maintain wheelchairs or other mobility aids in a safe condition according to manufacturer’s specifications
• Maintain acceptable standards of personal hygiene
• Follow these common rules of courtesy:
  • No eating, drinking or smoking on board
  • No riding under the influence of alcohol or illegal drugs

• No pets (except service animals)

RTA’s Transportation Department reserves the right to suspend or terminate riding privileges of clients who threaten the health and/or safety of other customers, operators or transportation staff.

Seating

The usual seating area for senior citizens or disabled customers is in the front of the vehicle. However, these are not reserved seats. If the seats are taken, the operators can only ask that non-disabled customers move from the seats. The operator cannot order non-disabled customers to move from the seats.

Non-working lift

Should the lift mechanism fail on a route and that particular bus becomes unable to accommodate clients:
• The operator will notify the RTA dispatcher of the reason why the client could not ride
that vehicle
• The next vehicle on that line should be able to provide the service
• Should the wait exceed 30 minutes, the Communication Dispatcher will send a service supervisor to the route, and ensure that the client obtains a ride by calling for one of the Paratransit buses that are equipped to transport people with disabilities
• This vehicle will transport the client to their desired destination, or to another fixed-route bus to complete the next part of their trip

If a client cannot be accommodated because the bus has a standing load, or another problem arises (passenger refuses to leave the tie-down seat area), the operator will notify the dispatcher that he or she was not able to accommodate a person with a disability. The dispatcher will keep track of this information to ensure that the next bus on that route can accommodate the client.

What is RTA Paratransit Service & How Does It Work?

Paratransit Service operated by the RTA provides origin-to-destination public transportation service for persons with disabilities that prevent them from boarding, riding, or disembarking from a fixed-route bus, even if that bus is equipped with a wheelchair lift.

The RTA uses modern wheelchair lift-equipped or ramp-equipped vehicles to provide paratransit transportation. A vehicle appropriate for the person’s disability will provide service to the client. The RTA, not the client, determines the type of vehicle used to transport the client.

A vehicle will pick up and drop off a passenger at a safe location—one that is as close as possible to the passenger’s point of origin and destination. Due to safety reasons, our drivers are not permitted to escort passengers into buildings. They will, however, provide limited assistance to clients, including assisting them into and out of the vehicles, to and from the curb and door-to-
door if requested. Our drivers are not allowed to leave their vehicles to assist clients into and out of buildings. Any client that needs more than limited assistance should make arrangements with his or her own caretakers to receive additional aid at pick up and drop off locations. RTA will make reasonable modifications and/or accommodations to ensure accessibility for riders upon request of a rider with a disability.

Paratransit is a shared ride service, meaning that a client will be in the vehicle as the operator drops off and picks up other passengers along the route until the vehicle reaches the client’s designated destination. Shared ride service offers the most efficient service for the greatest number of passengers. Please remember to allow sufficient time to stop, en route, for pick up and drop off of others. The duration of your trips may vary, and direct service to your destination may not be available. A maximum of 90 minutes travel time should be allowed for a trip. Clients are asked to advise the scheduler of appointment times, thus aiding the RTA in getting you to your appointment on time.

A turnaround time of an hour is required between trips and between your drop off locations. For
example, a client cannot book a pick up from a previous drop off location within the same hour.

If a client is unable to be left unattended (based on age, diminished mental capacity or special request of the responsible party), arrangements must be made to have someone meet the paratransit vehicle at each location. The driver will wait five minutes for the attendant to meet the vehicle. If no one arrives, the driver will notify RTA and continue on his/her route. The RTA will attempt to reach the emergency contact person. If the client is not met by the end of the route, the police will be notified to assist in locating the responsible party. Clients who must continue on a route beyond their scheduled destination because of the failure to be met by a responsible party will be subject to suspension and/or termination of service.

For the safety of RTA riders and operators, RTA reserves the right to refuse transportation or service to anyone whose conduct is or has been known to be obnoxious, offensive, intimidating, violent, disorderly or hazardous, and could result in the disruption of vehicle operations or serious impairment to the health and safety of others.
Who is Eligible and What is the Certification Process?

Individuals interested in using RTA Paratransit services need to complete and submit an eligibility form for certification. Please complete your personal information on the form, including your signature. Your doctor or licensed healthcare professional must complete and sign the medical eligibility form. Remember, the actual processing of your application does not begin until RTA receives the eligibility forms completed in their entirety. DO NOT separate the application forms. The sooner you can deliver to RTA all the necessary information, the more expediently RTA is able to process your application.

An eligibility review considers each applicant’s functional ability to use fixed route bus service. Applicants become paratransit eligible on a “conditional” or “unconditional” basis. If a disability or health condition prevents a client from using fixed-route buses under any condition, that individual will have “unconditional eligibility” to use paratransit services. Should a person be able to use fixed-route buses some of the time, but not at other times, the client will be
“conditionally eligible” for those trips which he or she cannot take by fixed-route service.

Applications can be picked up in person at the:

RTA Eligibility Department  
2817 Canal Street  
New Orleans, LA 70119

You may also call 504-827-8345 (TDD: 504-827-7833), and ask that an eligibility form be mailed.

The Eligibility Department office hours are 8:30AM - 4:30PM, Monday through Friday. Please inform the staff if an application is needed in an alternative format. Customers should expect to receive an application within 14 days of a written or telephone request.

Decisions regarding eligibility will be furnished in writing within 21 days, provided the RTA has received the completed application and the information from your doctor or healthcare professional.

An ID card will be issued once the client is certified to use the paratransit service. To have
your picture taken for your RTA ID card, please come to the:

RTA ID Center  
2817 Canal Street  
New Orleans, LA 70119  
8:30 AM – 4:30 PM Monday through Friday

All cards will have an expiration date of one to three years from the date of issue. Please remember to apply for recertification prior to the expiration date.

Eligibility Appeals Process

Should you wish to appeal an eligibility decision, please do so within 60 days of receiving the determination by filing a written appeal with the ADA Compliance Officer at 2817 Canal Street, New Orleans, LA 70119.

What is the Service Area and what are the Operating Hours?

Complimentary paratransit service is provided 7 days a week 24 hours a day.
You can use paratransit service to travel within Orleans Parish, with interparish transfer points at Ochsner Hospital on the Eastbank, Delgado Community College (City Park Campus), and the Gretna Transit Terminal on the Westbank. The RTA paratransit service operates the same as our fixed route service seven days a week including all holidays.

A PCA is a person who has been designated or employed specifically to care for and to travel with an eligible client. The PCA will ride free. Another paratransit-certified rider cannot be considered a PCA, and will be requested to pay the appropriate fare.

PCAs must get on and off the vehicle at the same location as the eligible client.

The eligible client is responsible for any individual and/or approved apparatus brought aboard the vehicle.

**Does RTA Offer Subscription Trip Service?**

Subscription trip service is available to those clients traveling frequently from the same location to the same destination at the same time on a regular long-term basis—for example: to work, to dialysis appointments, etc. Once instituted, subscription users no longer need to call the reservation line.

Should you need to change the time or the location of a subscription reservation, please cancel the previous subscription, and make a new subscription.
Please cancel, in advance, any trips you will not be using. Subscriptions can be placed on hold for short intervals—for example, for vacations, hospital stays, etc. Please call RTA should you need to place your subscription on hold for any reason. Remember to state the date you would like your service resumed. Should you not place your subscription ride on hold, it will be canceled and you will need to book a new one.

**How Do I Change a Reservation?**

Clients changing a trip reservation should do the following:

- Call 827-7433 for a reservations agent
- Speak with a reservations agent to make the change
- Call at least by 4:00 PM the day before the scheduled trip to make a change

Same day reservations changes will be based on availability of service and subject to the $4.00 fare.

**How do I Cancel a Reservation?**
Please cancel reservations at least three hours before the trip; otherwise the trip will be marked a Late Cancellation.

To cancel a scheduled trip reservation, please do the following:
• Call 827-7433 to speak to a reservationist

**CANCELLATION PENALTIES**
• All cancellations are monitored
• Cancellations in excess of 20 percent of an individual client’s scheduled trips in any calendar month are considered excessive
• Cancellations of a subscription trip reservations in excess of 20 percent will result in the cancellation of subsequent trips
• Late cancellations in excess of five percent of an individual client’s scheduled trips in any calendar month are considered excessive
• Excessive cancellations in any calendar month will be cause for a warning letter
• Excessive cancellations in two consecutive months will be cause for a (7) seven day suspension in service
• Any actions taken by RTA with respect to paratransit service will be communicated to the client by registered mail to ensure
NO-SHOW POLICY
RTA understands that because the LIFT service requires trips to be scheduled in advance, riders may sometimes miss scheduled rides or forget to cancel rides they no longer need. The RTA also understands that riders may sometimes miss scheduled trips or be unable to cancel trips in a timely manner for reasons that are beyond their control. However, repeatedly missing scheduled trips or failing to cancel trips in a timely manner can lead to suspension of service. The RTA has an administrative policy to suspend for a reasonable amount of any time any ADA eligible individual who establishes a pattern or practice of missing schedules trips. All potential suspensions will be reviewed on a case by case basis. Clients will be notified in writing that the RTA has reviewed their trips and plans to issue a suspension.  (See Attached No Show Policy Below)

Definitions: No-Show, Pickup Window, and Late Cancellation

No-show
A rider is given a no-show when the vehicle arrives within the window time and he/she fails to board the vehicle within 5 minutes of the arrival. If the customer is not present for boarding, the driver will request the dispatcher to make a good faith effort to call the client before authorizing the driver to proceed to his next destination.

**Pickup Window**

The pickup window is defined as the time beginning 15 minutes before the scheduled pickup time to 15 minutes after the scheduled pickup time. Riders must be ready to board a vehicle that arrives within the pickup window. The driver will wait for a maximum of 5 minutes within the pickup window for the rider to appear.

**Late Cancellation**

A late cancellation is defined as either: a cancellation made less than 1 hour before the scheduled pickup time or as a cancellation made at the door or a refusal to board a vehicle that has arrived within the pickup window.

**Definition: No-Show Due to Operator Error or to Circumstances Beyond a Rider’s Control**
The RTA does not count as no-shows or late cancellations any missed trips due to our error, such as:

- Trips placed on the schedule in error
- Pickups scheduled at the wrong pickup location
- Drivers arriving and departing before the pickup window begins
- Drivers arriving late (after the end of the pickup window)
- Drivers arriving within the pickup window, but departing without waiting the required 5 minutes

The RTA does not count as no-shows or late cancellations situations beyond a rider’s control that prevent the rider from notifying us that the trip cannot be taken, such as:

- Medical emergency
- Family emergency
- Sudden illness or change in condition
- Appointment that runs unexpectedly late without sufficient notice

**Hospital, Clinic, Doctor’s Office**
We understand that you may be delayed on these trips and have established the following policy:
• You may call if you know you are going to be late and we will adjust your pick-up time.
• If we get there and you are not ready, we will reschedule your pick up for one hour later and you will not be charged with a No-Show.
• If we do hear from you to adjust your time and get there a second time and you are not ready, we will charge you with a No-Show.
• If you call for a later pick up, we will pick you up and the trip will be reclassified as fare.

Riders should contact the paratransit office when experiencing no-shows or late cancellations due to circumstances beyond their control.

Policy for Handling Subsequent Trips Following No-shows

When a rider is a no-show for one trip, all subsequent trips on that day remain on the schedule unless the rider specifically cancels the trips. To avoid multiple no-shows on the same day, riders are strongly encouraged to cancel any subsequent trips they no longer need that day.

Suspension Policies for a Pattern or Practice of Excessive No-shows and Late Cancellations
The RTA reviews all recorded no-shows and late cancellations to ensure accuracy before recording them in a rider’s account.

Each verified no-show or late cancellation consistent with the above definitions counts. In any calendar month, any customer who has booked ten trips or more and has no-showed at least 30% of those trips will receive a suspension notice. Only habitual offenders will be suspended. If the no-show is beyond the customer’s control, the client should contact the Paratransit office to explain the circumstance and request the no-show be removed from their record.

Only actions within the control of the individual may count as a pattern or practice of a no-show. Riders will be subject to suspension after they meet all of the following conditions:

- Have booked at least ten trips that month
- Have “no-showed” or “late cancelled” at least 30% percent of those trips

A rider will be subject to suspension only if both the minimum number of trips booked and the minimum number of penalty points are reached during the calendar month. The RTA will notify riders by telephone after they have accumulated the minimum 20% of their trips and would be
subject to suspension should they accumulate the additional 10% of no-shows and late cancellations that month consistent with the criteria listed in this section of the policy above.

All suspension notices include a copy of this policy, information on disputing no-shows or late cancellations, and how to appeal suspensions.

Suspensions begin on Mondays. The first violation in a calendar year triggers a warning letter but no suspension. Subsequent violations result in the following suspensions:

- Second violation: 5-day suspension
- Third violation: 10-day suspension
- Fourth violation: 15-day suspension
- Fifth and subsequent violations: 30-day suspension

**Policy for Disputing Specific No-Shows or Late Cancellations**

Riders wishing to dispute specific no-shows or late cancellations must do so in writing within 10 business days of receiving a suspension letter. Letters should be addressed to the RTAs Director of Paratransit Service at 2817 Canal Street, New Orleans, LA 70119. The letter must explain the circumstances for the no-show or late cancellation.
infraction, and request the removal of the no-show or late cancellations from their record. A complete investigation will be conducted and written notification will be forwarded to the customer after the receipt of the written appeal.

**Service Suspension/Termination Appeal Process**

If a client wishes to appeal after receiving notice of an action by the RTA with respect to paratransit service, the client has ten days in which to file a written appeal to the RTA’s Director of Paratransit. A complete investigation will be made and written notification will be forwarded to the customer within five working days after the receipt of the written appeal request.

**Pick-up and Drop-Off Procedures**

RTA provides curb-to-curb paratransit service. This means that operators wait for clients at the curb of a public street, in front of (or as close as possible to) the client’s house, apartment building, or other designated pick-up location. Clients should be waiting at the sidewalk or another safe waiting area in front of (or as close as possible to) the entrance of the pick-up location. Operators
are not allowed to enter a house or other building to pick up clients, or to escort clients from the curb to the door of the drop off location.

Operators shall position the bus to make boarding and de-boarding as easy as possible for everyone, minimize the slope of the ramp, and use the kneeling option as needed. Bus operators shall provide assistance to passengers upon request. Passengers with disabilities shall be allowed adequate time to board and disembark the vehicle.

Some areas such as dead end streets, narrow streets with parking on both sides and gated communities present unsafe or difficult areas to service. If the operator deems that he/she cannot safely get in and out of an area, they will attempt to get as close as safely possible. If the driver is not provided with the security code for a gated community, he/she may drop the client at the gate.

The paratransit vehicle may arrive as early as 15 minutes before or up to 15 minutes after the reserved trip time. This is the “On-Time Window.” If the vehicle arrives any time during this period, it is considered on time. Clients must be ready to travel anytime within the thirty minute “On-Time Window.”
If more than 15 minutes have passed after the reservation time, the client may call 827-7433 to get an update on the estimated arrival time of the vehicle.

Clients are transported to destinations as scheduled on the operator’s manifest. A destination may not be changed once the client has boarded the vehicle. Please do not request an operator to change your destination.

What are the Responsibilities of the Operator?

Operators are responsible for the following:
• Operate vehicle safely

ADA Complaint Procedures
REVISED 7/12/2018

RTA is committed to ensuring that no person is excluded from participation in or denied the benefits of its services on the basis of a person’s disability under Title II of the Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act. Any person who believes she or he has been subjected to discrimination on the basis of disability by the Regional Transit Authority (hereinafter referred to as “RTA”) may file a complaint under this procedure. It is against the law to retaliate against anyone who files a complaint or cooperates in the investigation of a complaint. The RTA investigates complaints received no more than 180 days after the alleged incident.

The ADA Compliance Officer or his/her designee shall be responsible for overseeing investigations and responses to complaints of discrimination based on disability.

3) The date the alleged violation(s) occurred; and
4) Signature of the person filing the complaint.

Complaints may be submitted to RTA as follows:

If assistance is needed in filling out the complaint form or information is needed in another language or other accessible format, call RTA Administration at (504) 827-8345. The ADA Compliance Officer or RTA staff member will offer instructions on how to file a written complaint or provide other accessible format as requested.

Once the complaint is received, the RTA will review it to determine if our office has jurisdiction. The complainant will receive an acknowledgement letter informing her/him whether the complaint will be investigated by our office.

**Eligibility**

All complaints are considered formal and shall be investigated unless:
The complaint is withdrawn;
The complainant fails to provide required information after numerous requests;
The complaint is not filed within the 180-day time frame of the incident or event;
The basis of the complaint is not covered by ADA Title II.

**Complaint Review and Investigation**

The RTA has 60 days to investigate the complaint from the receipt of the complaint. If more information is needed to resolve the case, the RTA may contact the complainant. The complainant has 30 business days from the date of the letter to send requested information to the investigator assigned to the case. If the investigator is not contacted by the complainant or does not receive the additional information within 30 business days, the RTA can administratively close the case. A case can be administratively closed also if the complainant no longer wishes to pursue their case.

If the decision is made not to investigate the complaint, the complainant will be notified in writing within 20 calendar days and the notification shall state the specific reasons the complaint was deemed to not have investigative merit.

The investigation process will include review of any and all relevant documents, reports, video, etc. As well, focused interviews with key contacts will be conducted as applicable to obtain facts and evidence regarding the allegations in the complaint. The investigator will elicit information from all contacts and witnesses that can provide firsthand information about the incident, event or action specified in the complaint. All relevant documentation, including interview notes and/or recordings will be dated. Additionally, a chronological contact sheet will be maintained in the case file throughout the investigation.

The investigation will address only those issues relevant to the allegations of the complaint and confidentiality will be maintained to the maximum extent feasible.
Resolution

After the investigator reviews the complaint, she/he will issue one of two letters to the complainant: a closure letter or a letter of finding. A closure letter summarizes the allegations and states that there was not a Title II violation and that the case will be closed. A letter of finding summarizes the allegations and the interviews regarding the alleged incident, and explains whether any disciplinary action, additional training of the staff member, or other action will occur. If the complainant wishes to appeal the decision, she/he has 60 days after the date of the letter or the letter of finding to do so.

A person may also file a complaint directly with the Federal Transit Administration, at FTA Office of Civil Rights, 1200 New Jersey Avenue SE, Washington, DC 20590
