

	How often do you ride a bus/streetcar/ferry (on average)?	How would you describe your interest in the Algiers Ferry Terminal Renovation Project?	What would you most like to see included in the renovation of the Algiers Ferry Terminal (choose up to 3)?	Please explain your answer to Question #3 - what is important to you to see at the ferry terminal?
1	Occasionally (a few times a month)	I am interested in the renovation project in general;I ride the ferry occasionally (monthly, during special occasions, or when	Improved passenger boarding area;Retail or Food/Beverage Concessionaire;Indoor passenger waiting area;Resiliency and Sustainability	
2	Rarely or Never	I am interested in the renovation project in general;	Improved circulation for bikes, pedestrians, and cars around the site;ability for cars to come across on the ferry;	bring back the ability for not only passengers to cross but also cars
3	Occasionally (a few times a month)	I ride the ferry occasionally (monthly, during special occasions, or when visiting New Orleans);	Improved passenger boarding area;Improved signage and lighting;Improved circulation for bikes, pedestrians, and cars around the site;	Current terminal is too large and outdated for what it does - I would like to see something similar to the Canal side built in Algiers.
4	4 or more times a week	I ride the ferry regularly (one or more times a week);I am interested in the renovation project in general;	Indoor passenger waiting area;	Covered waiting and covered access from the waiting area to the boarding area
5	1-3 times a week	I ride the ferry regularly (one or more times a week);	Event or Community Space;Resiliency and Sustainability upgrades (ex: landscaping for stormwater management, energy generation);public	Algiers Point has a very active community with many community events throughout the year. It would be great to incorporate the terminal into the
6	Occasionally (a few times a month)	I am interested in the renovation project in general;I ride the ferry occasionally (monthly, during special occasions, or when	Improved circulation for bikes, pedestrians, and cars around the site;Indoor passenger waiting area;Resiliency and Sustainability upgrades (ex:	
7	1-3 times a week	I ride the ferry regularly (one or more times a week);	Improved passenger boarding area;Improved circulation for bikes, pedestrians, and cars around the site;Indoor passenger waiting area;	I would love it if the Mississippi River Trail didn't merge into a bus or car Lane where when riding my bike west to east from Gretna towards the terminal cars and
8	4 or more times a week	I am interested in the renovation project in general;	Improved passenger boarding area;Retail or Food/Beverage Concessionaire;Improved circulation for bikes, pedestrians, and cars	It must be useful to the. Ferry patrons.keep tgemoutofrainand cold and easy to get to.
9	Occasionally (a few times a month)	I am interested in the renovation project in general;	Improved passenger boarding area;Indoor passenger waiting area;Resiliency and Sustainability upgrades (ex: landscaping for stormwater management,	Make it user friendly. The current system in place is not. The ferry exists to transport passengers, so the terminal should be dedicated to passengers waiting
10	4 or more times a week	I ride the ferry regularly (one or more times a week);	Improved passenger boarding area;Improved circulation for bikes, pedestrians, and cars around the site;Indoor passenger waiting area;	
11	Occasionally (a few times a month)	I ride the ferry occasionally (monthly, during special occasions, or when visiting New Orleans);I am interested in the renovation	Retail or Food/Beverage Concessionaire;Indoor passenger waiting area;Restrooms ;	
12	Occasionally (a few times a month)	I ride the ferry occasionally (monthly, during special occasions, or when visiting New Orleans);I am interested in the renovation	Indoor passenger waiting area;Improved signage and lighting;Resiliency and Sustainability upgrades (ex: landscaping for stormwater management,	
13	4 or more times a week	I ride the ferry regularly (one or more times a week);I am interested in the renovation project in general;	Improved passenger boarding area;Improved circulation for bikes, pedestrians, and cars around the site;Improved signage and lighting;	Actually all of them are good ideas. I'm usually on foot either taking the ferry or walking the levee and indoor waiting and ticketing would help foot traffic a lot.
14	1-3 times a week	I ride the ferry regularly (one or more times a week);	Improved passenger boarding area;Improved circulation for bikes, pedestrians, and cars around the site;Indoor passenger waiting	Start using the terminal again
15	1-3 times a week	I ride the ferry regularly (one or more times a week);	Improved passenger boarding area;Indoor passenger waiting area;Improved signage and lighting;	
16	1-3 times a week	I ride the ferry regularly (one or more times a week);	Indoor passenger waiting area;Shade;	An indoor waiting area or at least a shaded area to wait would be nice.
17	4 or more times a week	I ride the ferry regularly (one or more times a week);I am interested in the renovation project in general;I work nearby;	Improved passenger boarding area;Indoor passenger waiting area;Improved circulation for bikes, pedestrians, and cars around the site;Improved	We need a place to wait when its raining or a place to have shade when it's 90 degrees , also it would be a shame if you charged for drink but didn't have a public
18	Occasionally (a few times a month)	I ride the ferry occasionally (monthly, during special occasions, or when visiting New Orleans);	Improved passenger boarding area;Retail or Food/Beverage Concessionaire;Event or Community Space;Improved circulation for bikes,	I'd like to see something that helps create a bustling space -- a restaurant, or even venue (weddings), and helps make the terminal lively. I think also figuring out a
19	4 or more times a week	I ride the ferry regularly (one or more times a week);I am interested in the renovation project in general;	Indoor passenger waiting area;Improved signage and lighting;Improved passenger boarding area;	The ferry schedule must be extended, not shortened. Many service industry people are left taking a cab across the bridge at night, or waiting on the bus, which
20	Occasionally (a few times a month)	I ride the ferry occasionally (monthly, during special occasions, or when visiting New Orleans);I am interested in the renovation	Improved passenger boarding area;Improved circulation for bikes, pedestrians, and cars around the site;Indoor passenger waiting area;	There is quite a bit of vehicular traffic going to and from the restaurants right off the ferry landing and you don't always see vehicles as they round the curve off
21	Rarely or Never	I ride the ferry occasionally (monthly, during special occasions, or when visiting New Orleans);I am interested in the renovation	Improved passenger boarding area;Improved ADA access to the building;Indoor passenger waiting area;	
22	Rarely or Never	I ride the ferry occasionally (monthly, during special occasions, or when visiting New Orleans);	Improved passenger boarding area;	A view
23	4 or more times a week	I work nearby;	Improved passenger boarding area;	
24	4 or more times a week	I ride the ferry regularly (one or more times a week);I work nearby;I am interested in the renovation project in general;	Improved passenger boarding area;Indoor passenger waiting area;Restrooms for passengers ;	The terminal has no restrooms for passengers. It would be good if there were facilities for passengers.
25	4 or more times a week	I ride the ferry regularly (one or more times a week);	Improved passenger boarding area;Retail or Food/Beverage Concessionaire;Improved circulation for bikes, pedestrians, and cars	

	How often do you ride a bus/streetcar/ferry (on average)?	How would you describe your interest in the Algiers Ferry Terminal Renovation Project?	What would you most like to see included in the renovation of the Algiers Ferry Terminal (choose up to 3)?	Please explain your answer to Question #3 - what is important to you to see at the ferry terminal?
26	Occasionally (a few times a month)	I ride the ferry occasionally (monthly, during special occasions, or when visiting New Orleans);	Improved passenger boarding area;Improved circulation for bikes, pedestrians, and cars around the site;Improved signage and lighting;	
27	Rarely or Never	I ride the ferry occasionally (monthly, during special occasions, or when visiting New Orleans);	Improved passenger boarding area;Improved circulation for bikes, pedestrians, and cars around the site;Indoor passenger waiting area;	Traffic, both cars and pedestrians, to make on- and off-boarding, and pickup at the site quicker and easier.
28	While visiting New Orleans	I am interested in the renovation project in general;I ride the ferry occasionally (monthly, during special occasions, or when	Improved passenger boarding area;Improved circulation for bikes, pedestrians, and cars around the site;Indoor passenger waiting area;	Traffic flow, both cars and pedestrians, to make it easier and faster to get on and off the ferry.
29	While visiting New Orleans	I ride the ferry occasionally (monthly, during special occasions, or when visiting New Orleans);I am interested in the renovation	Improved passenger boarding area;Improved circulation for bikes, pedestrians, and cars around the site;	
30	While visiting New Orleans	I ride the ferry occasionally (monthly, during special occasions, or when visiting New Orleans);	Retail or Food/Beverage Concessionaire;Event or Community Space;Improved "front door" to terminal that offers a sense of	The renovated Algiers Ferry Terminal should be an memorable civic transit facility for Algiers Point that honors the people, history, and future of Algiers and the
31	Occasionally (a few times a month)	I ride the ferry occasionally (monthly, during special occasions, or when visiting New Orleans);I work nearby;I am interested in	Indoor passenger waiting area;Improved circulation for bikes, pedestrians, and cars around the site;Extended hours of operation for those who live in	The most important thing about the ferry is having it available and reliable, not just for visitors spending their money in Algiers Point, but for workers who live in AP
32	1-3 times a week	I am interested in the renovation project in general;	Improved passenger boarding area;Retail or Food/Beverage Concessionaire;Improved circulation for bikes, pedestrians, and cars	Right now, it is wasted space. Why not put a food court or restaurant. There is no place in the city that you can actually enjoy the river.
33	1-3 times a week	I ride the ferry regularly (one or more times a week);	Indoor passenger waiting area;Resiliency and Sustainability upgrades (ex: landscaping for stormwater management, energy generation);Improved	Utilization of all the spaces and areas inside the terminal as well as outside. The terminal is under utilized and large portions of the building and surrounding
34	4 or more times a week	I ride the ferry regularly (one or more times a week);	Indoor passenger waiting area;Resiliency and Sustainability upgrades (ex: landscaping for stormwater management, energy generation);Improved	
35	4 or more times a week	I ride the ferry regularly (one or more times a week);	Improved circulation for bikes, pedestrians, and cars around the site;Indoor passenger waiting area;Retail or Food/Beverage Concessionaire;	Indoor passenger waiting area is most important; Retail spaces for lease could offset some cost?
36	1-3 times a week	I ride the ferry regularly (one or more times a week);	Event or Community Space;Resiliency and Sustainability upgrades (ex: landscaping for stormwater management, energy generation);Improved	I would like to see the terminal illuminated in a way that makes it compelling from the river walk as well as have signage inside that through photography and maps
37	4 or more times a week	I ride the ferry regularly (one or more times a week);	Indoor passenger waiting area;Improved passenger boarding area;Improved signage and lighting;	I'd like to see a clean, safe, and comfortable space for passengers riding the ferry. Basic services such as rest rooms and seating should be prioritized over
38	1-3 times a week	I ride the ferry occasionally (monthly, during special occasions, or when visiting New Orleans);I am interested in the renovation	Improved passenger boarding area;Retail or Food/Beverage Concessionaire;Event or Community Space;Improved circulation for bikes,	I would like the ferry terminal to serve as a comfortable waiting space for those leaving the Point and a welcoming area for those coming from the East Bank.
39	4 or more times a week	I ride the ferry regularly (one or more times a week);	Improved circulation for bikes, pedestrians, and cars around the site;Resiliency and Sustainability upgrades (ex: landscaping for stormwater	Something at least marginally more useful than the waste of space that is the new east bank terminal.
40	Occasionally (a few times a month)	I ride the ferry occasionally (monthly, during special occasions, or when visiting New Orleans);I am interested in the renovation	Improved passenger boarding area;Indoor passenger waiting area;Improved signage and lighting;Improved ADA access to the building;	Better facilities for riders and an indoor boarding/waiting area
41	1-3 times a week	I ride the ferry regularly (one or more times a week);	Retail or Food/Beverage Concessionaire;Indoor passenger waiting area;Improved ADA access to the building;	
42	4 or more times a week	I am interested in the renovation project in general;	Improved passenger boarding area;Improved circulation for bikes, pedestrians, and cars around the site;Indoor passenger waiting	Indoor passenger waiting area
43	4 or more times a week	I ride the ferry regularly (one or more times a week);	Improved circulation for bikes, pedestrians, and cars around the site;	
44	Occasionally (a few times a month)	I am interested in the renovation project in general;	Improved circulation for bikes, pedestrians, and cars around the site;Improved signage and lighting;Offices for RTA staff to work on-site;	More people working in the neighborhood has positive effect on local businesses.
45	Occasionally (a few times a month)	I ride the ferry occasionally (monthly, during special occasions, or when visiting New Orleans);I am interested in the renovation	Indoor passenger waiting area;	Covered waiting area. The old building is fine if the ferry boarding area could be adapted for the new ferries. It is such a waste of money to spend so much money
46	Occasionally (a few times a month)	I am interested in the renovation project in general;I ride the ferry occasionally (monthly, during special occasions, or when	Improved passenger boarding area;Indoor passenger waiting area;Event or Community Space;	
47	1-3 times a week	I ride the ferry regularly (one or more times a week);	Improved passenger boarding area;Improved circulation for bikes, pedestrians, and cars around the site;Improved signage and lighting;	
48	Occasionally (a few times a month)	I am interested in the renovation project in general;I ride the ferry occasionally (monthly, during special occasions, or when	Improved passenger boarding area;Indoor passenger waiting area;Resiliency and Sustainability upgrades (ex: landscaping for stormwater management,	An efficient terminal, appealing to passengers and utilizing modern, cost effective technologies.rnsengers
49	4 or more times a week	I ride the ferry regularly (one or more times a week);I work nearby;I am interested in the renovation project in general;	Retail or Food/Beverage Concessionaire;Improved circulation for bikes, pedestrians, and cars around the site;Resiliency and Sustainability	The access is congested and dangerous with multiple modes converging. Need better traffic control for safety of peds and cyclists
50	4 or more times a week	I ride the ferry regularly (one or more times a week);	Improved passenger boarding area;Indoor passenger waiting area;Event or Community Space;	

	How often do you ride a bus/streetcar/ferry (on average)?	How would you describe your interest in the Algiers Ferry Terminal Renovation Project?	What would you most like to see included in the renovation of the Algiers Ferry Terminal (choose up to 3)?	Please explain your answer to Question #3 - what is important to you to see at the ferry terminal?
51	Rarely or Never	I am interested in the renovation project in general;	Improved passenger boarding area;Indoor passenger waiting area;Resiliency and Sustainability upgrades (ex: landscaping for stormwater management,	Make it a useable space and have restroom availability. Indoor waiting with a/c & heat and have a degree of the resiliency & sustainability aspects that make it
52	Occasionally (a few times a month)	I am interested in the renovation project in general;	Improved passenger boarding area;Improved circulation for bikes, pedestrians, and cars around the site;Indoor passenger waiting area;	passengers should come first
